#### Insurance

By my signature below, I acknowledge that I understand that the amount quoted as my portion (the portion of my bill that insurance does not pay) was based on telephone verification with my insurance company only. I understand that my insurance company does not view this telephone correspondence as a promise to pay, and thus quoted benefits are an estimate only. This means that once the insurance pays the claim, I may have a refund coming, or I may owe additional fees. I understand that sometimes insurance companies say one thing on the phone, and in actuality pay the claim much differently. I understand that I am responsible for any amount not paid by m insurance company, regardless of the estimate I receive in advance as to my portion of the bill. I also acknowledge by my signature below that I have been given the opportunity to ask questions of my doctor's staff concerning billing, and I have had/will have the opportunity to call my own insurance company regarding payment of this claim.

#### **Appointment Policy**
